IdeaConnect is a common ground for all students with an entrepreneurial drive to share concepts, solve problems and generate new ideas.

Meeting Purpose: What does it take to build the right Startup Team?

Guest Speaker: Olin Hyde

Olin is the founder & CEO of LeadCrunch. He is a serial entrepreneur who wrote his first line of code at age 12 on a home built computer. Previous startups include National Facilities Group (acquired by Accruent) and Auto-Semantics (acquired by ai-one). Olin is one of the principal architects of the DeepFind™ machine learning platform which powers all of Englue’s products. He is a frequent speaker on how artificial intelligence can help people make better decisions.

MEETING: Friday, April 22, 2016

Where: Von Liebig Center, Room 003, (Bioengineering Building)

Time: 12PM - 1:30PM
