Bringing Vision a Step Closer to Viability

IdeaConnect is a common ground for all students with an entrepreneurial drive to share concepts, solve problems and generate new ideas.

By connecting the campuses and faculty throughout the university, the goal is to link together those who have technical expertise and industry experience with business students who have the ability to bring ideas to market.

Purpose

- Opportunity to connect students interested in collaborating to create innovative entrepreneurship
- Generate ideas that can become Start-Ups
- Utilize creative activities to practice ideation and learn to think as an entrepreneur
