

TECHNOLOGY, INNOVATION AND SUPPLY CHAIN MINOR (RS25)

The industry demand of supply chain discipline is expected to grow faster than any other sector for at least the next ten years, according to the Bureau of Labor Statistics. The supply chain is also the key discipline in the consulting sector. In addition, technology, including digitization, blockchain, Internet of Things, and artificial intelligence, and changing customer expectations push the supply chain profession to seek people who can pioneer advancements at the intersection of the supply chain and the data analytics with soft skills.

All courses must be taken for a letter grade, with a grade of C- or better. Students may overlap 8 upper-division units between their major and minor, there is no restriction for overlapping lower-division units. The Technology, Innovation, and Supply Chain minor can be combined with any other minor or major.

LOWER DIVISION CORE (2 COURSES, 8 UNITS)

- MGT 45 Principles of Accounting (QR both ECON/MGT 4 and MGT 5)
- MGT 71 Business Process and Operations Management

UPPER DIVISION CORE (3 COURSES, 12 UNITS)

- MGT 127 Innovation and Technology Strategy
- MGT 153 Business Analytics (pre-req: Math & Stats)
- MGT 175 Supply Chain Management
