RADY ALUMNI

Once a RADY graduate, always a RADY graduate.

The RADY School of Management offers a unique and desirable culture shaped by its tight-knit and active alumni community. San Diego is a coveted location and a life sciences and technology hotbed; our many alumni who live and work in the area enjoy excellent opportunities to stay connected to the school and to share industry experience with our students. The RADY School offers numerous networking resources to alumni in turn, including career services, networking and connections, and ongoing educational opportunities. Whether you are in India, San Diego or somewhere in between, you remain a connected and valued member of the RADY School and UC San Diego.

ARE YOU RADY?

Why UC San Diego RADY?

Forward thinking and the future.
Welcome to a whole new breed of business school... where a transformative UC San Diego education lays the foundation for its students to pursue any career direction successfully.

Where innovation trumps traditional ways of doing and thinking. At RADY, students focus on their futures from day one by working closely with RADY Graduate Careers Connections. Students are empowered to achieve the extraordinary and to help transform the future—of San Diego, and beyond!

Student Life on Campus and Beyond

There is no better place to form lasting networks and relationships than at the RADY School of Management. Between active alumni, world class faculty, an engaged mentorship community, special events, and a wide variety of student organizations and activities, there are countless ways to enhance, supplement and take advantage of your education and to develop skills in your field of interest. Student favorites include the Bay-Area Trek and the U.S.-Israel Immersion program, which brings students from both countries together to learn about the global economy from multiple perspectives. Students can also participate in specialized programs with the RADY Center for Excellence, such as the California Institute for Innovation and Development and the Center for Social Innovation and Impact.

San Diego Hotbed of Innovation

Come to Southern California’s innovation hub.
To say San Diego is an ideal setting for the RADY School of Management is an understatement. Home to one of the most exciting innovation ecosystems in the nation, San Diego offers opportunities that simply cannot be found anywhere else. Through internships, work, and other hands-on experience, students learn business fundamentals and apply them in real-world situations. RADY access to professional networks as part of an educational journey that promotes to launch the next generation of business leaders. Did we mention the beautiful beaches and weather?

Student Testimonial

“RADY was the best thing to happen to me. I came to the School with an idea, leveraged the resources and support, and was able to graduate with a business.”
— Sher Butt (MBA ’16)
Co-founder & CEO, CB Therapeutics

Experts in innovation and student success.

Among the top scholars worldwide in their respective fields, yet readily accessible, Rady faculty prioritize student success through educational and career guidance to help students transcend barriers otherwise thought insurmountable.

"The Lab to Market experience is transformative in providing students the tools to discover unmet needs, craft a customer experience people will love, and move forward to launch. These are skills students will use for the entirety of their careers."

— Michael Meyer
Assistant Teaching Professor of Design
