The Rady FlexWeekend MBA PROGRAM is tailored to seasoned professionals who are already making an impact in the innovation economy. Whether you are looking to start your own company or advance within your organization, a Rady MBA will provide you the education, hands-on experience and networking opportunities to excel. Located in San Diego, one of the leading startup cities in the U.S. and science and technology hub, the Rady School provides a unique opportunity to work alongside industry executives, whether it is in our capstone Lab to Market core sequence, an industry competition or our own StartR Accelerator.

Your classmates will inspire and challenge you. Cohorts are primarily comprised of rising executives within the innovation economy with an average of 11 years of work experience. Over 50 percent of FlexWeekend students hold advanced degrees. Classes are held over five Saturday and Sunday weekends through a ten week quarter for 24 months. During your elective portion of your program, you can choose electives from weeknights, weekends, and other approved graduate level electives at UC San Diego.

LAB TO MARKET CAPSTONE COURSE SEQUENCE

Required of all Rady MBA students, the capstone Lab to Market course sequence puts your core curriculum and elective knowledge to work. In this unique, action-learning based course sequence, you explore a project of significance to you by learning to assess which innovations are worth pursuing while bringing those concepts successfully to the marketplace. Lab to Market takes you out of the more structured academic framework of the core curriculum and puts you in a real-world environment, evaluating and pursuing potential business opportunities in collaboration with a team of classmates.

- Gain skills to think entrepreneurially in any setting: emerging or established company
- Integrative project course sequence goes beyond typical MBA skills
- Focused on how innovation reaches the marketplace
- Begins in the classroom, moves to a project-centered environment engaging business community advisors and coaches

LAB TO MARKET
- Generate New Ideas
- Evaluate Business Models

LAB TO MARKET WORKSHOP 1
- Develop and Validate Ideas

LAB TO MARKET WORKSHOP 2
- Apply course curriculum to evolve ideas into a viable market opportunity
